

Clean, Efficient, Safe

Sureburn is a true multi-function product for industrial engines, boilers and heat exchange systems. Sureburn is good for the environment and good for your bottom line, because it.....

- ▼ Cleans intake systems of large engines
- ▼ Controls ash deposits in furnaces and boilers
- ▼ Removes deposits from heat exchangers
- ▼ Cleans fuel lines and filters
- ▼ Prevents corrosion
- ▼ Disperses water
- ▼ Prevents settling in fuel oils

Which Means

- ▼ Higher efficiencies
- ▼ Cleaner running
- ▼ Lower emissions
- ▼ More power
- ▼ Lower operating costs
- ▼ Longer service intervals
- ▼ Clean heat exchangers while on-line

Sureburn is perfect for

- ▼ All heavy diesel and fuel oil engines
- ▼ Oil fired boilers and furnaces
- ▼ Waste oil processing plants
- ▼ Co-generation systems

Sureburn is easy to use

Simply add Sureburn to the fuel supply tank when fuelling for all engine, boiler or co-generation needs. To clean or control deposits in heat exchangers inject Sureburn into process lines.
